India's position in IT at world level

*314. SHRI N.R. GOVINDARAJAR: Will the Minister of COMMUNICATIONS AND INFORMATION TECHNOLOGY be pleased to state:

(a) whether it is a fact that India has out-stripped China and Russia in IT race as per Global Information Technology Report;

(b) if so, the details thereof and India's place in the IT sector as per this report; and

(c) the steps taken/proposed to be taken for improving India's Place in IT sector at international level?

THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS AND INFORMATION TECHNOLOGY

(DR. SHAKEEL AHMAD): (a) Yes, Sir. India has out-stripped China & Russia in IT Race. The Global Information Technology Report 2005-06's "Networked Readiness Index" gives the degree of preparedness of a nation or readiness Index" gives the degree of preparedness of a nation or community to participate in and benefit from ICT developments.

India : Network Readiness Index 0.23 (40th rank)

China : Network Readiness Index 0.01 (50th rank)

Russia : Network Readiness Index 0.39 (72nd rank)

(b) India is ranked at 40th position out of 115 Member countries.

(c) Government has approved the National e-Governance Plan (NeGP) covering its Vision, Approach, 27 Mission Mode Projects & 8 Support components to expedite implementation of e-Governance in the country. The NeGP also includes establishment of the following core infrastructure aimed at improving the Network Readiness Index:

(i) A Scheme for establishment of State Wide Area Networks (NWANs) for providing minimum data connectivity of 2 Mbps up to the block level, has been approved by the Government at total outlay of Rs. 3,334 crores with Central Assistance component of Rs. 2005 crores, over a period of 5 years.

(ii) Government has formulated a proposal for establishing 100,000+Information & Communication Technology (ICT) enabled Common Services Centres (CSCs) predominatly in the rural areas across the country. These CSCs would have the flexibility to offer a mix of services (both Government and non-government, including localized services) that may be needed by the local community.
